

Upinngil Job Opening

Market Gardener

Hours:

April - October

35-40 hr. / week.

Must be available to work early mornings and Saturdays

Upinngil's 1/4 acre Market Garden and Hoop House grows fresh greens, tomatoes, peppers, carrots, cucumbers, and much more for direct retail on our farm stand. It is managed intensively and entirely with hand tools. We are looking for a candidate with a strong interest in Market Gardening to dedicate most of their energies to this area of the farm. We hope to find someone willing to learn this season and perhaps come back again next season and work with more autonomy. Duties will include: daily morning harvest, washing, packing, and stocking farm store, daily watering, weeding, tending, planting. They may also be needed to assist with general farm harvesting, planting, and cultivation of row crops. Upinngil growing methods cannot be easily categorized as either Conventional or Organic, rather we are a mixture of methods always striving to find a healthy sustainable balance.

Necessary Skills:

- Able to lift 50 lb.
- Fit and able to work bent over for long periods.
- Work well independently.
- Knowledge of Market Gardening, farming, and weed identification.

Compensation:

- starting pay: \$14.25 / hr. (state min wage)
- 20% discount on all goods
- Free pick-your-own crops (for personal use)
